

DAY 1: PENILE CANCER

AGENDA

INTRODUCTIONS AND OBJECTIVES

8:00am - 8:30am Philippe Spiess, MD and Andrea Necchi, MD

KEYNOTE LECTURE

8:30am - 8:50am Updates in the molecular basis of penile cancer - Philippe Spiess, MD

8:50am - 9:00am Commentary by Jeffrey Ross, MD

PANEL DISCUSSIONS

Conservative management strategies (which patients/which hospitals)

9:00am - 9:08am For T - Peter Johnstone, MD

9:08am - 9:16am For N - Oscar Brouwer, MD

Aggressive surgical approach

9:16am - 9:24am For T - Chris Protzel, MD

9:24am - 9:32am For N - Maarten Albersen, MD

The need for perioperative management strategies: role of the clinical oncologists

9:32am - 9:40am Chemotherapy - Guru Sonpavde, MD

9:40am - 9:48am Radiotherapy - Juanita Crook, MD

9:48am - 9:56am Evolution of systemic therapies and the landscape of clinical trials enrolling patients - Jad Chahoud, MD

9:56am - 10:06am Question/Answers based on chat generated comments

DISCUSSION ON THE TOP-RATED UNMET MEDICAL NEED

10:06am - 10:10am Presentation of the Top 3 research projects presented by fellows <35 yo - moderated by Lance Pagliaro, MD

10:10am - 10:20am Proposal by Murat Aydin, MD

10:20am - 10:30am Proposal by Anita Thomas, MD

10:30am - 10:40am Proposal by Antonio Cubilla, MD

PATIENT'S CORNER

10:40am - 10:55am The role of the patients advocates in penile cancer & other rare gu cancers - Wayne Earle / Benjamin Ayres, MD

10:55am - 11:10am Testimonials

InPACT TRIAL

11:10am - 11:20am EA 8134: InPACT Trial Update - Curtis Pettaway, MD

THE GLOBAL VOICE OF PENILE CANCER RESEARCH

11:20am - 11:30am The International Registry - Marco Bandini, MD

Short notes from all around the globe

11:30am - 11:35am Europe - Nick Watkin, MD

11:35am - 11:40am United States - Viraj Master, MD

11:40am - 11:45am China - Yao Zhu, MD

11:45am - 11:50am India - Gagan Prakash, MD

11:50am - 11:55am South America - Alejandro Rodriguez, MD

11:55am - 12:00pm Africa - Mbaaga Kigongo, MD

CONCLUSIONS

Next Steps to Foster Collaboration and Advance the Field

12:00pm - 12:30pm Philippe Spiess, MD and Andrea Necchi, MD

DAY 2: TESTIS CANCER

AGENDA

INTRODUCTIONS AND OBJECTIVES

8:00am - 8:10am Andrea Necchi, MD and Philippe Spiess, MD

CLINICAL CASE SESSIONS

8:10am - 8:15am Presentation of 2 cases by junior faculty voting - Co-chairs: Philippe Spiess, MD & Phillip Pierorazio, MD

8:15am - 8:30am Case 1 - Sunil Patel, MD

8:30am - 8:45am Case 2 - Antoin Douglawi, MD

KEYNOTE LECTURE

9:00am - 9:20am Management of chemotherapy-resistant germ cell tumors in 2020 - Andrea Necchi, MD

9:20am - 9:30am Commentary by Lucia Nappi, MD

PANEL DISCUSSIONS

Management of early-stage seminoma

9:30am - 9:40am Clinical Stage I - Robert Hamilton, MD

9:40am - 9:50am Clinical Stage II - Fabio Castiglione, MD

Management of early-stage nonseminoma

9:50am - 10:00am Clinical Stage I - Andrew Stephenson, MD

10:00am - 10:10am Clinical Stage II - Noel Clarke, MD

The need for treatment de-escalation in advanced disease

10:10am - 10:20am Viewpoint of the clinical oncologist - Yohann Loriot, MD

10:20am - 10:30am Viewpoint of the urologist - Scott Eggener, MD

10:30am - 10:40am Quality-of-life endpoints and long-term toxicities - Aditya Bagrodia, MD

10:40am - 10:55am Re-voting session and discussion - Andrea Necchi, MD and Philippe Spiess, MD

DISCUSSION ON THE TOP-RATED UNMET MEDICAL NEED

10:55am - 11:08am Presentation by Darren Feldman, MD

11:08am - 11:20am Presentation by Lazar Popovic, MD

CLINICAL TRIALS CORNER

11:20am - 11:35am TIGER Trial - Darren Feldman, MD

11:35am - 11:50am IGCCCG Update - Silke Gillissen, MD

11:50am - 12:05pm SWOG S1823 - Craig Nichols, MD

12:05pm - 12:20pm SEMS trial- Surgery in Early Metastatic Seminoma - Sia Daneshmand, MD

CONCLUSIONS

Next Steps to Foster Collaboration and Advance the Field

12:20pm - 12:30pm Andrea Necchi, MD and Philippe Spiess, MD
